

Illuminate

early known
in a skin borrowed
in it all bestowed
if we can believe

early known
can collect and maintain
in it all
in it all
in it all we can believe

i know that its time
to let these bounds down
and open unto the way
we'd have done as a child

only a sign
still remains
of the realm where we once
lived seamless with dreams

a memory
of the flashing of light
illuminate
illuminate
illuminate what we believe
